

Leaders' Portfolio

Levels of ESC Support and Suggested Fee Structure

Mentors will be required to coach administrators who use the tool. Fees for the tool should be based on the costs you will incur by hiring mentors/facilitators.

Instructions on the use of this tool are provided on the webpage at http://olc.region10.org/course_assets/leader/.

We recommend identifying and training mentors in advance of introducing the tool. Both the mentor and the administrator mentee should read and discuss the book Blended Coaching: Skills and Strategies to Support Principal Development, by Bloom (2005) which was used to develop the self-assessment and portfolio menu.
