

Virtual Coach: Teacher Portfolio System

Levels of ESC Support and Suggested Fee Structure

Mentors will be required to coach teachers who use the tool. Fees for the tool should be based on the costs you will incur by hiring mentors/facilitators.

Instructions on the use of this tool are provided on the webpage at http://olc.region10.org/course_assets/teacher.

We recommend identifying and training mentors in advance of introducing the tool. Both the mentor and the teacher mentee should read and discuss the book [The 12 Touchstones of Good Teaching](#), by Goodwin and Hubbell (2013) which was used to develop the self-assessment and portfolio menu.
